Description: Experience the side valley of the Hollersbach Valley as part of a guided ranger tour! Our tour begins at the Gasthof Seestube, from where we follow the regular trail toward the Hollersbach Valley after about one kilometer. At the junction to the educational stream trail, we continue, cross the Hollersbach, and wind our way up into the high valley via a series of switchbacks. Depending on conditions, a short detour may be taken to enjoy a view of the Hollersbach Valley. Along the way, the ranger shares interesting information about the formation of the national park, the importance of alpine pastures and traditional alpine farming, as well as the unique features of alpine flora and fauna.
