Description: The tour starts at the Pass Thurn viewing platform, where you can already enjoy views of the Hohe Tauern. After picking up your snowshoes, the tour to Wasenmoos begins. After a gentle ascent, views will open up deep into the national park. Crossing snow-covered meadows and fields, the snowshoe hike will repeatedly reach points with views of the mountains. The wintry moor and neighbouring forest also offer a glimpse of wildlife and their tracks away from the panoramic views. We will return to the starting point along winter paths. You will never lose sight of the Hohe Tauern mountains!
