**Description:** Using a taxi, the first 300 meters of elevation gain are covered to reach Lenzanger. From here, the tour leads through easy terrain in the picturesque Rauris primeval forest. With a bit of luck, tracks of squirrels, foxes, and snow hares can be spotted. After passing through the Durchgangsalm, the goal is the old Swiss stone pine vegetation around the Märchenkarhütte. This spot also offers an impressive view of the Sonnblick and the surrounding peaks. The descent then continues through open terrain down to Kolm Saigurn. From there, the remaining descent route follows the toboggan run back to the Bodenhaus parking lot.
